ARBOR
a natural beauty:

With its sculptured bark-like braids and densely tasselled leaf-like fringes, it is unsurprising that this new range takes its name from the Latin for tree.

The beautifully detailed braids, unusual gimped cord and wide choice of tassel fringes ensures that the Arbor Collection offers something truly different.

21818 Single Tassel Treback

21813 Harlequin Braid (1) 21815 Harlequin Tassel Fringe (2)
