Premium Cut-Down Faux Wood Blinds

Pinnacle's premium cut-down blind has been redesigned. The new PrivacyPlus blind is cordless, with wand tilt, assuring additional safety for children and pets.

The innovative cordless operating system works smoothly by simply pushing up at the center of the bottom rail to raise the blind. And is easily lowered by firmly grasping the contoured bottom rail and pulling down.

The 2 inch slats are light weight and effortless to lift. Thanks to the attached-ladder design, slats stay in place and won't shift from side to side.
