# OVERVIEW & BENEFITS

## Why Estate™?

The Estate™ Rod Collections are the flagship of the Kirsch® Decorative Drapery Hardware product lines. Estate™ rods are decorative, 1⅜ inch or 2 inch traversing drapery rods with wheeled carriers that are designed to carry today's heavier draperies. Having set the interior design standard for decades, each of the Estate™ collections are characterized by inspired finials, premium finishes and precision engineered components. Buckingham®, Designer Metals™, Wood Trends™, Varia and Chroma Collections are featured in countless luxury venues and designer homes throughout the world.

## Benefits & Features

---

### AMP™ Motorization

- Easy to use
- Quiet, powerful motor
- Pleated or Ripplefold™ drapery heading styles
- Available on Estate™ Rods or Architrac® Series 94001 only
- For more information on AMP™ Motorization see page 24

### Ripplefold™

- Panels can be pressed flat, yet fall into folds
- Headings are suspended under the track
- No hooks or pins to install
- Stack back space is less than conventional Pleated draperies
- Draperies snap on and off carriers for easy installation
- Interior drapery appearance is identical to exterior-facing drapery appearance

### Pleated

- Can be used with most track systems using slip-in or pin-on hooks
- Headings can be suspended under the track or over the face of the track to conceal hardware
- A popular drapery heading style
- Four carriers per foot is standard, additional carriers or rings can be ordered if necessary

## Estate™ at a Glance

To help determine which system is right for your project, use the guideline below to select the best fit. For more detailed information about each track, please visit our resource library at [kirsch.com](http://kirsch.com).

ONE-WAY	18"	16'	64 LBS.	4 LBS.
TWO-WAY	18"	16'	64 LBS.	4 LBS.

# MOUNTING OPTIONS

## Bracket Spacing

Place bracket at each end, place next bracket a maximum of 24" from first, then place remaining brackets at 48" intervals over the remainder of the track. Spacing may need to be shortened for heavier draperies. All mounting options are compatible with our AMP™ Motorization.
