# TOOLS

## Angle Measuring Protractor

Get all the angles with this handy protractor. Our protractor makes calculating angles a piece of cake when making templates for bent and curved rods.

Printed on thick, durable paper to withstand rough handling

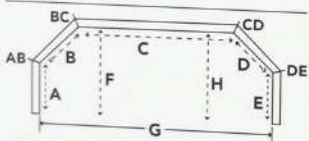

# ANGLE MEASURING PROTRACTOR

For measuring bay window and corner window angles

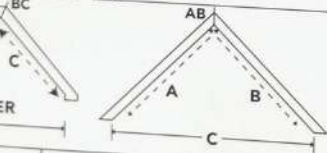

## SPECIFY:

The degree of the angles, using the angle measuring protractor. For example, when ordering for Bay Window Style 3, specify the degree of angles between A - B and B - C. If ordering for Bay Window Style 2, specify the degree of the angle between A - B, B - C, C - D, and D - E.

### Style 2

### Style 4

## HOW TO USE THIS PROTRACTOR

Fit the top edge of the large card and the right hand edge of the smaller card into the angle that is to be measured as indicated in diagram at left. The arrow will point to the degree of the angle being measured.

© 2016 American Slide-Chart / Perrygraf, Wheaton, IL 60187 - Printed in USA  
www.americanperrygraf.com 23573-C21

Pivoting arm for accurate measurements

# DISPLAY BOARDS

## Beauty Simplified

Each display board comes equipped with the necessary components from each collection to make a statement. Redesigned for better handling and demonstration purposes, and reorganized to show more product in a cleaner fashion. After all, less is more.

### **EACH BOARD INCLUDES:**

- **Estate™ Rod (if sold in collection)**
- **Select finials in varying finishes and sizes**
- **Stationary pole with rings featuring all colors from collection**
