

Somfy 90-Degree Motor Adaptor Plate

- The adaptor plate is available and made specifically for Ripplefold drapery, to rotate the motor 90 degrees so it's perpendicular to the rod
- The motor fits neatly in the last fold of the drapery using the snaps provided on the plate, creating a more aesthetic look
- Can be used with all Somfy drapery motors
- Select Metal or Select Wood fascia can be applied to the Somfy track for use with adaptor plate
