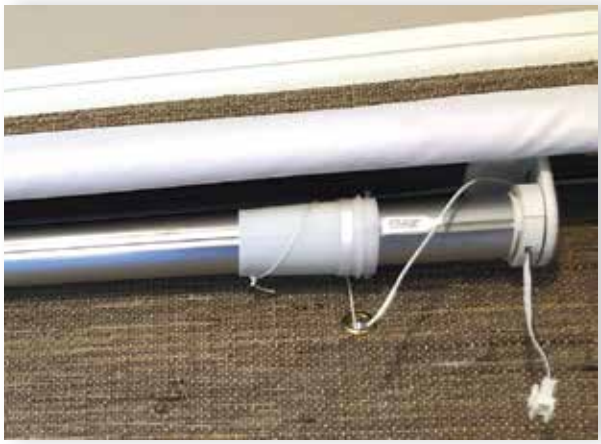
Coronado™ Natural Woven Shades

MOTORIZATION
featuring AUTOMATE™ technology

Coronado Rechargeable Lithium-ion Battery Motor



- Wire-free, giving the shades a clean finished look
- Minimum width 26 inches
- Minimum length (drop) 36 inches
- Maximum length (drop) 96 inches*
- Maximum width varies depending on the following:
  - Fabric Pattern
  - Without Lining
  - With Lining - Privacy or Blackout

** See Size Limitation Chart On Back for Limitations by Specific Fabric*

Coronado Motorization Motor

- Includes internal rechargeable Li-ion battery
- Initially, fully charge the battery motor at installation. Product may not be shipped with full charge.
- Once fully charged, battery may be used 6 - 9 months before recharging is necessary.
- To ensure Motor Battery Longevity, motor battery must be charged within the first 6 months of installation even if shade operation has not yet slowed.
- Motor Battery may be conveniently recharged when necessary using battery recharger cable. Recharger cable is white and 70″ long.
- May specify recharging side of motor as either right (R) or left (L).
- 47″ Extension cable available to allow Recharger cable to reach power outlet. Household extension cord may be used if needed.
- Coronado Motorized Shade will use 1 1/2″ Headrail.

Li-ion 12V charger for Coronado Shades Motor

Extension Cable for 12V motor charger

Solar Panel Option

- Solar charging power panel provides supplemental power to Li-ion wirefree motors.
- Expected performance will be based on direction related to regional solar conditions.
- Sleek design allows for multiple installation options: center mounting bracket, adhesive tape, and key hole slot.
- Parallel wiring options support large shades.

Coronado Automate Remote

Coronado Shades will ship preprogrammed from the factory per instructions at order entry.

Available Flat Fold and Waterfall Styles Only. (Not available TD/BU, Hobbled, or Loop Control)

Typical transmission distance - 65 feet (20 meters)

Coronado Automate Remote

- White fifteen channel model
- Touch Sensitive buttons
- Leveling control and LCD display
- Hide unused channel function
- Optional slim magnetic wall mount

Upgrade with Pulse 2 Hub for Additional Features

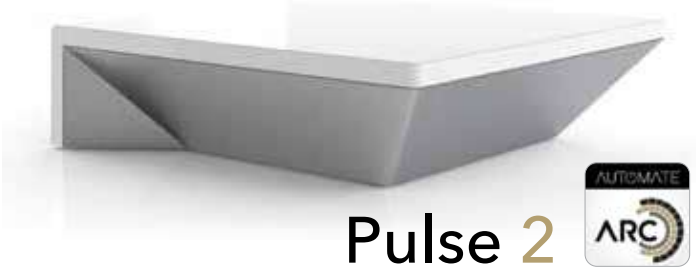
Built in Wi-Fi easily connects to any home network for wireless control of Coronado Natural Woven Shades.

Voice Control using simple voice commands through Google Assistant, Amazon Alexa, or Apple HomeKit.

Sunrise and Sunset Detection Pulse 2 hub can automatically raise or lower shades according to the sun's position.

AUTOMATE™

- Download the Automate App and control shades from home or away.
- Available for iOS and Android devices, including iPads, tablets, and smart watches.
- Group shades to operate by room for time saving convenience.
- Set Timer to lower or raise shades on your schedule.



Pulse 2 Hub

- Plus 2 Hub is sleek, modern, and compact to complement any home interior. Approximately 4 1/2″ square by 1 1/4″ tall.
- Built in ARC (AUTOMATE™ Radio Communication) technology enables communication between the hub and motors.
- Check motor battery levels or shade positions through the app or smart home assistants.

Coronado Motorization Components

ITEM	DESCRIPTION
Coronado Motor	Li-ion Battery Motor 25mm/1.1 Nm/40 rpm ARC-5V
Remote Control	RF 15 Channel Remote in White
Recharger	Li-ion 5V Charger
Extension Cable	47″ Extension Cable for Recharger
Solar Panel	Solar Power for Battery Recharger
Pulse 2 Hub	Hub for Voice Command and Smart Features
Automate App	Works with IOS and Android Devices
